

/SUMMARY/

<i>Finite element analysis of power cable connection line faults under the time-domain reflection method</i>	15
Tao, Y.	
<hr/>	
<i>Three-dimensional simulation and localization of power cable fault point by combining wavelet transform and neural network</i>	35
Tao, Y.	
<hr/>	
<i>Applications and Prospects of Artificial Intelligence in Linguistic Research</i>	57
Devansh, A., Parul, A. And Ritika, W.	
<hr/>	
<i>Computer Information Technology Applied to the Design of Digital Library Information Integration Service System</i>	78
Gupta, L. and Vyas, V.	
<hr/>	
<i>Intelligent cable fault detection technology considering current harmonic characteristics</i>	99
Tao, Y.	
<hr/>	
<i>Power cable fault location technique based on parameter optimized variational modal decomposition</i>	130
Tao, Y.	
<hr/>
